EPA/DHA HP Select®

is a superior quality, high potency omega-3 fish oil supplement providing safe, natural researched essential fatty acid support for a healthy inflammatory response.

EPA and DHA are the primary omega-3 essential fatty acids found in fish. **EPA** (*eicosapentaenoic acid*) is widely considered a first class natural anti-inflammatory. **DHA** (*docosahexaenoic acid*) is required to build healthy cell membranes and tissues, including the developing brain.

Fish oil and its omega-3 fatty acids DHA & EPA have been extensively researched for their ability to help support the cardiovascular system, to promote joint, skin, gut, eye and brain health and to help support a healthy inflammatory response. Many experts suggest consuming cold water fish 2-3 times per week and taking a high quality fish oil supplement to obtain benefits.*

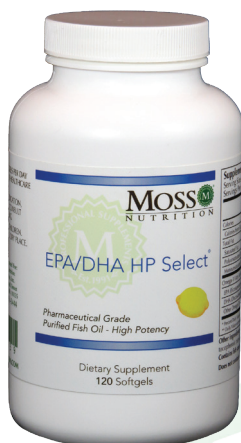

EPA/DHA HP Select® is provided in softgel and liquid formats. Also available in standard potency EPA/DHA Select® softgels.

Recommended Usage: 2 softgels or 1 teaspoon liquid per day, or as directed by your health care professional.

EPA/DHA HP SELECT® OFFERS THESE QUALITY ADVANTAGES:

- **PURE** pharmaceutical grade, molecularly distilled fish oil
- Meets or exceeds European & US Pharmacopoeia Standards
- **INDEPENDENTLY TESTED** by certified 3rd party laboratory to insure safety from toxins & impurities:
 - ✗PCBs ✗Dioxins ✗Lead ✗Mercury ✗Arsenic
 - ✗Cadmium ✗Bacteria ✗Yeasts ✗Molds
- Sourced exclusively from small, cold water species of sustainably harvested fish—GMO-FREE!
- Natural triglyceride form plus added lipase enzyme offers **SUPERIOR ABSORPTION** and bioavailability
- **FRESHNESS** protected with natural antioxidant tocopherols

EPA/DHA HP Select® Bottles of 120 & 240 softgels
